*Definition:* Gradually diminishing in size, amount, or strength.

- Dwindling supply
- Dwindling resources
- Dwindling economy
- Dwindling population
- Dwindling interest

#### Dysfunction

*Definition:* Abnormality or impairment in the function of a specified bodily organ or system.

- Family dysfunction
- Sexual dysfunction
- Erectile dysfunction
- Organ dysfunction
- Cognitive dysfunction

#### Autonomous

*Definition:* Having the freedom to govern itself or control its own affairs.

- An autonomous region

- An autonomous province
- An autonomous unit
- An autonomous vehicle
- An autonomous system

### Efficient

*Definition:* Achieving maximum productivity with minimum wasted effort or expense.

- Economically efficient
- Technically efficient
- Operationally efficient
- Energy efficient
- Cost efficient

### Biodiversity

*Definition:* The variety of plant and animal life in the world or in a particular habitat, a high level of which is usually considered to be important and desirable.

- Animal biodiversity
- Marine biodiversity
- Global biodiversity
- Plant biodiversity
- Genetic biodiversity

### Emerging

*Definition:* Move out of or away from something and come into view; becoming apparent, important, or prominent.

- Emerging markets
- Emerging technology
- Emerging trends
- Emerging diseases
- Emerging economies

### Biographical

*Definition:* Relating to an account of a person's life and character.

- Biographical books
- Biographical details
- Biographical notes
- Biographical sketch
- Biographical film

### Equipment

*Definition:* The necessary items for a particular purpose.

- Essential equipment
- Medical equipment
- Protective equipment
- Sporting equipment
- Laboratory equipment

### Breed

*Definition:* A stock of animals or plants within a species having a distinctive appearance and typically having been developed by deliberate selection.

- A rare breed
- An exotic breed
- A successful breed
- A domestic breed
- An endangered breed

### Cultural

*Definition:* Relating to the ideas, customs, and social behavior of a society.

- Cultural differences
- Cultural heritage
- Cultural identification
- Cultural practices
- Cultural norms

## Evidence

*Definition:* The available body of facts or information indicating whether a belief or proposition is true or valid.

- Eyewitness evidence
- Compelling evidence
- Forensic evidence
- Documentary evidence
- Physical evidence

*Definition:* A method of determining the age of an object containing organic material by using the properties of radiocarbon, a radioactive isotope of carbon.

- Carbon dating tests
- Carbon dating methods
- Carbon dating events
- Carbon dating accuracy
- Carbon dating samples

## Expected

*Definition:* Regarded as likely to happen.

- Higher than expected
- Larger than expected
- Longer than expected
- Better than expected
- Worse than expected

## Carnivorous

*Definition:* (Of an animal) feeding on other animals.

- A carnivorous animal
- A carnivorous species
- A carnivorous plant
- A carnivorous diet

- A carnivorous bird

### Exposure

*Definition:* The state of being exposed to contact with something.

- Radiation exposure
- Radioactive exposure
- Toxic exposure
- Sun exposure
- Chemical exposure

### Catastrophe

*Definition:* An event causing great and often sudden damage or suffering; a disaster.

- A humanitarian catastrophe
- An environmental catastrophe
- An economic catastrophe
- A natural catastrophe
- A technological catastrophe

### Factor

*Definition:* A circumstance, fact, or influence that contributes to a result or outcome.

- Contributing factor
- Motivating factor
- Mitigating factor
- Decisive factor
- Risk factor

### Census

*Definition:* An official count or survey of a population, typically recording various details of individuals.

- Carry out a census
- A population census

- A nationwide census
- A demographic census
- A housing census

### Fastest Growing

*Definition:* Increasing in size, number, or importance more quickly than other items in the same category.

- Fastest growing economy
- Fastest growing market
- Fastest growing religion
- Fastest growing industry
- Fastest growing city

### Fellow

*Definition:* A member of a group of people who have the same interests or who are in the same situation.

- Fellow academic
- Fellow practitioner
- Fellow scientist
- Fellow artist
- Fellow student

### Cognitive

*Definition:* Relating to cognition, i.e., the mental action or process of acquiring knowledge and understanding through thought, experience, and the senses.

- Cognitive development
- Cognitive skills
- Cognitive psychology
- Cognitive therapy
- Cognitive impairment

### Heritage

*Definition:* Property that is or may be inherited; an inheritance. Also, valued objects and

qualities such as cultural traditions and history that have been passed down from previous generations.

- World's heritage
- Cultural heritage
- National Heritage
- Intangible heritage
- Architectural heritage

### Coherent

*Definition:* Logical and consistent; forming a unified whole.

- A coherent strategy
- A coherent policy
- A coherent approach
- A coherent argument
- A coherent plan

### Human Rights

*Definition:* Rights inherent to all human beings, regardless of race, sex, nationality, ethnicity, language, religion, or any other status.

- Human rights abuses
- Human rights activists
- Human rights violations
- Human rights legislation
- Human rights campaign

### Coincidence

*Definition:* A remarkable concurrence of events or circumstances without apparent causal connection.

- A happy coincidence
- A strange coincidence
- A fortunate coincidence
- A mere coincidence

- A coincidental meeting

### In Depth

*Definition:* Comprehensive and thorough.

- In-depth interview
- In-depth investigation
- In-depth research
- In-depth analysis
- In-depth study

### Collaboration

*Definition:* The action of working with someone to produce or create something.

- A scientific collaboration
- A technical collaboration
- A research collaboration
- A creative collaboration
- An international collaboration

### Initiative

*Definition:* An act or strategy intended to resolve a difficulty or improve a situation; a fresh approach to something.

- Government initiative
- Research initiatives
- Diplomatic initiative
- Environmental initiative
- Community initiative

### Colony

*Definition:* A country or area under the full or partial political control of another country and occupied by settlers from that country.

- A former colony
- Establish a colony

- A penal colony
- A space colony
- A trading colony

### Intelligence

*Definition:* The ability to acquire and apply knowledge and skills; information gathered by a government or organization.

- Military intelligence
- Foreign intelligence
- Tactical intelligence
- Artificial intelligence
- Strategic intelligence

*Definition:* Take action to reduce, destroy, or prevent (something undesirable).

- Combat terrorism
- Combat racism
- Combat corruption
- Combat climate change
- Combat poverty

### Juvenile

*Definition:* Relating to young people.

- Juvenile delinquency
- Juvenile detention
- Juvenile violence
- Juvenile court
- Juvenile justice

### Commission

*Definition:* An instruction, command, or duty given to a person or group of people.

- Commission a study

- Commission a report
- Commission research
- Commission a piece of art
- Commission an inquiry

### Organ

*Definition:* A part of an organism that is typically self-contained and has a specific vital function.

- Organ damage
- Organ donation
- Organ recipient
- Organ transplant
- Organ failure

### Commodities

*Definition:* A raw material or primary agricultural product that can be bought and sold, such as copper or coffee.

- Basic commodities
- Tradable commodities
- Valuable commodities
- Energy commodities
- Agricultural commodities

### Outbreak

*Definition:* A sudden occurrence of something unwelcome, such as war or disease.

- Disease outbreak
- Measles outbreak
- Sporadic outbreaks
- Ebola outbreak
- Influenza outbreak

### Compelling

*Definition:* Evoking interest, attention, or admiration in a powerfully irresistible way.

- A compelling argument
- A compelling outcome
- Compelling evidence
- Compelling storytelling
- Compelling reason

### Privacy

*Definition:* The state or condition of being free from being observed or disturbed by other people.

- Privacy abuses
- Privacy concerns
- Privacy violation
- Privacy policy
- Privacy rights

### Racial

*Definition:* Relating to the race or races of people.

- Racial discrimination
- Racial inequality
- Racial prejudice
- Racial profiling
- Racial harmony

### Religious

*Definition:* Relating to or believing in a religion.

- Religious gathering
- Religious prejudice
- Religious background
- Religious beliefs
- Religious practices

### Comply

*Definition:* Act in accordance with a wish or command.

- Comply with regulations
- Comply with laws
- Comply with rules
- Comply with standards
- Comply with guidelines

### Response

*Definition:* A reaction to something.

- Disaster response
- Emergency response
- Immediate response
- Rapid response
- Public response

### Satellite

*Definition:* An artificial body placed in orbit around the earth or moon or another planet in order to collect information or for communication.

- Satellite intelligence
- Satellite trajectory
- Weather satellite
- Communication satellite
- Navigation satellite

### Compulsory

*Definition:* Required by law or a rule; obligatory.

- Compulsory vaccination
- Compulsory schooling
- Compulsory insurance
- Compulsory military service
- Compulsory compliance

## Space

*Definition:* A continuous area or expanse that is free, available, or unoccupied; the physical universe beyond the earth's atmosphere.

- Space agency
- Space exploration
- Space mission
- Space tourism
- Space station

## Conclusive

*Definition:* Serving to prove a case; decisive or convincing.

- Conclusive proof
- Conclusive results
- Conclusive decision
- Conclusive evidence
- Conclusive study

## Standard

*Definition:* A level of quality or attainment; an idea or thing used as a measure, norm, or model in comparative evaluations.

- Standard pattern
- Standard practice
- Standard procedure
- Standard protocol
- Standard measurement

## Concurrent

*Definition:* Occurring or existing simultaneously or side by side.

- Concurrent symptoms
- Concurrent infections
- Concurrent occurrences
- Concurrent sessions

- Concurrent use

### Traditional

*Definition:* Existing in or as part of a tradition; long-established.

- Traditional belief
- Traditional marriage
- Traditional practice
- Traditional cuisine
- Traditional methods

### Condemn

*Definition:* Express complete disapproval of, typically in public; censure.

- Strongly condemn
- Publicly condemn
- Unequivocally condemn
- Universally condemn
- Officially condemn

### Transmission

*Definition:* The action or process of transmitting something or the state of being transmitted.

- Transmission of disease
- Mode of transmission
- Risk of transmission
- Vertical transmission
- Airborne transmission

*Definition:* An idea or feeling that a word invokes in addition to its literal or primary meaning.

- Negative connotation
- Positive connotation
- Emotional connotation

- Cultural connotation
- Social connotation

### Violation

*Definition:* The action of violating someone or something.

- Copyright violation
- Workplace violation
- Domestic violation
- Privacy violation
- Traffic violation

### Consecutive

*Definition:* Following continuously.

- Consecutive days
- Consecutive nights
- Consecutive months
- Consecutive hours
- Consecutive terms

### Conventional

*Definition:* Based on or in accordance with what is generally done or believed.

- Conventional wisdom
- Conventional treatment
- Conventional methods
- Conventional warfare
- Conventional energy

### Consensus

*Definition:* General agreement.

- A scientific consensus
- A broad consensus
- A general consensus

- International consensus
- Community consensus

### Cooperative

*Definition:* Involving mutual assistance in working toward a common goal.

- A cooperative approach
- A cooperative effort
- A cooperative research
- A cooperative project
- A cooperative venture

### Constitution

*Definition:* A body of fundamental principles or established precedents according to which a state or other organization is acknowledged to be governed.

- A written Constitution
- An old Constitution
- An interim Constitution
- A federal Constitution
- A constitutional amendment

### Efficient

*Definition:* Being effective without wasting time, effort, or expense.

- Fuel efficient
- Energy efficient
- Extremely efficient
- Cost efficient
- Resource efficient

### Contamination

*Definition:* The action or state of making or being made impure by polluting or poisoning.

- Bacterial contamination
- Chemical contamination

- Radioactive contamination
- Food contamination
- Water contamination

### Obesity

*Definition:* A condition characterized by the excessive accumulation and storage of fat in the body.

- The obesity epidemic
- The obesity rate
- Childhood obesity
- Adult obesity
- Obesity prevention

### Convey

*Definition:* To communicate or make known something; to transport or carry to a place.

- Convey a sense
- Convey meaning
- Convey a message
- Convey an idea
- Convey emotions

### Reinforce

*Definition:* To strengthen or support, especially with additional personnel or material.

- Reinforce a notion
- Reinforce a belief
- Reinforce a stereotype
- Reinforce understanding
- Reinforce behavior

### Convincing

*Definition:* Capable of causing someone to believe that something is true or real.

- A convincing argument

- A convincing theory
- Convincing evidence
- Convincing presentation
- Convincing testimony

### Inhabitant

*Definition:* A person or animal that lives in or occupies a place.

- Indigenous inhabitant
- Native inhabitants
- Original inhabitants
- Urban inhabitants
- Rural inhabitants

### Copyright

*Definition:* A form of protection given to the creators of "original works of authorship," including literary, dramatic, musical, artistic, and certain other intellectual works.

- Infringe copyright
- Violate a copyright
- Breach copyright
- Copyright enforcement
- Copyright registration

### Pioneering

*Definition:* Involving new ideas or methods; leading the way; innovative.

- Pioneering work
- Pioneering research
- Pioneering initiative
- Pioneering technology
- Pioneering efforts

### Correlation

*Definition:* A mutual relationship or connection between two or more things.

- A strong correlation
- A direct correlation
- A negative correlation
- A positive correlation
- A weak correlation

### Evolve

*Definition:* Develop gradually, especially from a simple to a more complex form.

- Language evolves
- Society evolves
- Technology evolves
- Ecosystems evolve
- Business models evolve

### Counter

*Definition:* To respond to (something) by proposing something else in opposition.

- Counter threat
- Counter accusation
- Counter argument
- Counter proposal
- Counter measure

### Distinct

*Definition:* Recognizably different in nature from something else of a similar type.

- A distinct category
- A distinct type
- A distinct entity
- A distinct difference
- A distinct feature

### Credibility

*Definition:* The quality of being trusted and believed in.

- Lose credibility
- Gain credibility
- Maintain credibility
- Undermine credibility
- Restore credibility

### Diverse

*Definition:* Showing a great deal of variety; very different.

- Culturally diverse
- Geographically diverse
- Ethnically diverse
- Biologically diverse
- Socially diverse

### Comparatively

*Definition:* To a moderate degree as compared to something else; relatively.

- Comparatively small
- Comparatively rare
- Comparatively cheap
- Comparatively large
- Comparatively easy

### Curriculum

*Definition:* The subjects comprising a course of study in a school or college.

- National curriculum
- A core curriculum
- A broad curriculum
- An interdisciplinary curriculum
- A specialized curriculum

### Indefinitely

*Definition:* For an unlimited or unspecified period of time.

- Indefinitely suspended
- Indefinitely postponed
- Indefinitely delayed
- Indefinitely extended
- Indefinitely available

### Crucial

*Definition:* Extremely important or necessary.

- A crucial decision
- A crucial point
- A crucial factor
- A crucial moment
- A crucial role

### Framework

*Definition:* A basic structure underlying a system, concept, or text.

- Develop a framework
- Set a framework
- Regulatory framework
- A conceptual framework
- A policy framework

### Decay

*Definition:* The state or process of rotting or decomposition.

- Moral decay
- Physical decay
- Social decay
- Urban decay
- Tooth decay

### Biased

*Definition:* Unfairly prejudiced for or against someone or something.

- A biased argument
- A biased opinion
- A biased decision
- Media bias
- Cultural bias

### Ability

*Definition:* Possession of the means or skill to do something.

- Cognitive ability
- Mental ability
- Remarkable ability
- Physical ability
- Analytical ability

### Deficiency

*Definition:* A lack or shortage.

- A nutritional deficiency
- A dietary deficiency
- A vitamin deficiency
- An iron deficiency
- A calcium deficiency

### Academic

*Definition:* Relating to education and scholarship.

- Academic eligibility
- Academic integrity
- Academic probation
- Academic performance
- Academic excellence

### Dehydration

*Definition:* A harmful reduction in the amount of water in the body.

- Prevent dehydration
- Cause dehydration
- Severe dehydration
- Symptoms of dehydration
- Treatment for dehydration

### Advantage

*Definition:* A condition or circumstance that puts one in a favorable or superior position.

- Competitive advantage
- Tactical advantage
- Technological advantage
- Strategic advantage
- Natural advantage

### Demographic

*Definition:* Relating to the structure of populations.

- A demographic change
- A demographic shift
- A demographic trend
- Demographic analysis
- Demographic data

### Definitive

*Definition:* (Of a conclusion or agreement) done or reached decisively and with authority.

- A definitive agreement
- A definitive statement
- A definitive conclusion
- A definitive guide
- A definitive answer

### Dense

*Definition:* Closely compacted in substance.

- A dense rainforest
- A dense population
- A dense network
- Dense foliage
- Dense material

### Advertising

*Definition:* The activity or profession of producing advertisements for commercial products or services.

- Advertising agency
- Advertising campaign
- Advertising slogan
- Digital advertising
- Outdoor advertising

### Depiction

*Definition:* The action or result of depicting something, especially in art.

- A graphic depiction
- A realistic depiction
- A vivid depiction
- An accurate depiction
- A dramatic depiction

### Depletion

*Definition:* Reduction in the number or quantity of something.

- The depletion of the ozone layer
- The depletion of resources
- Soil depletion
- Water depletion
- Energy resource depletion

### Annual

*Definition:* Occurring once every year.

- Annual gathering
- Annual pilgrimage
- Annual budget
- Annual report
- Annual meeting

### Deprived

*Definition:* Suffering a severe and damaging lack of basic material and cultural benefits.

- A deprived area
- A deprived community
- A deprived upbringing
- Economically deprived
- Socially deprived

### Deterioration

*Definition:* The process of becoming progressively worse.

- Rapid deterioration
- Significant deterioration
- Physical deterioration
- Mental deterioration
- Environmental deterioration

### Deviation

*Definition:* The action of departing from an established course or accepted standard.

- Deviation from a path
- Deviation from a pattern
- Deviation from a rule
- Statistical deviation
- Minor deviation

### Attempt

*Definition:* An act of trying to achieve something, typically one that is unsuccessful or not certain to succeed.

- Rescue attempts
- Suicide attempt
- Repeated attempts
- Attempted solution
- Attempted reform

### Discretionary

*Definition:* Available for use at the discretion of the user.

- Discretionary authority
- Discretionary power
- Discretionary grant
- Discretionary spending
- Discretionary income

### Attention

*Definition:* Notice taken of someone or something; the regarding of someone or something as interesting or important.

- Attention deficit
- Attention grabbing
- Medical attention
- Close attention
- Public attention

### Distortion

*Definition:* The action of distorting or the state of being distorted.

- Distortion of the truth
- Distortion of history
- Distortion of facts
- Audio distortion
- Visual distortion

### Diversification

*Definition:* The action of making or becoming more diverse or varied.

- Social diversification
- Cultural diversification
- Geographic diversification
- Investment diversification
- Economic diversification

## Biological

*Definition:* Relating to biology or living organisms.

- Biological parents
- Biological weapons
- Biological warfare
- Biological diversity
- Biological system

## DNA

*Definition:* Deoxyribonucleic acid, a self-replicating material present in nearly all living organisms as the main constituent of chromosomes. It is the carrier of genetic information.

- DNA fingerprinting
- DNA profiling
- DNA matching
- DNA sequencing
- DNA synthesis

## Ecosystem

*Definition:* A biological community of interacting organisms and their physical environment.

- A coastal ecosystem
- A fragile ecosystem
- A balanced ecosystem
- A terrestrial ecosystem
- An aquatic ecosystem

## Ceremony

*Definition:* A formal event held on a special occasion.

- Funeral ceremony
- Graduation ceremony
- Closing ceremony
- Award ceremony
- Opening ceremony

### Entity

*Definition:* A thing with distinct and independent existence.

- A distinct entity
- An autonomous entity
- An independent entity
- A legal entity

### Epidemic

*Definition:* A widespread occurrence of an infectious disease in a community at a particular time.

- A global epidemic
- An infectious epidemic
- A malaria epidemic
- A flu epidemic
- An obesity epidemic

### Entrepreneurial

*Definition:* Having or showing the characteristics of entrepreneurship, especially the initiative and willingness to take on new ventures.

- An entrepreneurial culture
- An entrepreneurial spirit
- An entrepreneurial venture
- Entrepreneurial innovation
- Entrepreneurial mindset

### Classroom

*Definition:* A room, typically in a school, in which a class of students is taught.

- Classroom assessment
- Classroom behavior
- Classroom discussion
- Classroom management
- Classroom technology

### Ethical

*Definition:* Relating to moral principles or the branch of knowledge dealing with these.

- An ethical dilemma
- An ethical obligation
- An ethical principle
- Ethical standards
- Ethical practices

### Evoke

*Definition:* Bring or recall to the conscious mind.

- Evoke memories
- Evoke emotions
- Evoke feelings
- Evoke a response
- Evoke nostalgia

### Competition

*Definition:* The activity or condition of striving to gain or win something by defeating or establishing superiority over others.

- Beauty competition
- Professional competition
- National competition
- International competition
- Market competition

## Excavate

*Definition:* Make (a hole or channel) by digging; remove earth carefully and systematically from (an area) to find buried remains.

- Excavate a site
- Excavate a grave
- Excavate a skeleton
- Excavate ruins
- Excavate artifacts

## Facilitate

*Definition:* Make (an action or process) easy or easier.

- Facilitate cooperation
- Facilitate integration
- Facilitate access
- Facilitate communication
- Facilitate learning

## Fauna

*Definition:* The animals of a particular region, habitat, or geological period.

- Marine fauna
- Native fauna
- Local fauna
- Endemic fauna
- Diverse fauna

## Flora

*Definition:* The plants of a particular region, habitat, or geological period.

- Tropical flora
- Aquatic flora
- Bacterial flora
- Native flora
- Exotic flora

## Feminine

*Definition:* Having qualities or an appearance traditionally associated with women, especially delicacy and prettiness.

- A feminine trait
- A feminine attribute
- A feminine role
- Feminine beauty
- Feminine strength

## Consumer

*Definition:* A person who purchases goods and services for personal use.

- Consumer behavior
- Consumer privacy
- Consumer protection
- Consumer rights
- Consumer trends

## Field Work

*Definition:* Practical work conducted by a researcher in the natural environment, rather than in a laboratory or office.

- Archaeological field work
- Scientific field work
- Extensive field work
- Field work analysis
- Field work data collection

## Flawed

*Definition:* Having or characterized by fundamental weaknesses or errors.

- A flawed premise
- A flawed assumption
- A flawed reasoning
- A flawed design

- A flawed process

### Formulate

*Definition:* Create or devise methodically (a strategy or a proposal).

- Formulate a policy
- Formulate a hypothesis
- Formulate a theory
- Formulate a plan
- Formulate a strategy

### Franchise

*Definition:* An authorization granted by a government or company to an individual or group enabling them to carry out specified commercial activities.

- Franchise holder
- A franchise outlet
- A franchise chain
- A franchise agreement
- A franchise business

### Culture

*Definition:* The arts and other manifestations of human intellectual achievement regarded collectively; the customs, institutions, and achievements of a particular nation, people, or other social group.

- Traditional culture
- Mainstream culture
- Corporate culture
- Pop culture
- Youth culture

### Fraud

*Definition:* Wrongful or criminal deception intended to result in financial or personal gain.

- Commit fraud

- A fraudulent scheme
- A fraudulent claim
- A fraudulent email
- Identity fraud

### Genetic

*Definition:* Relating to genes or heredity.

- Genetic engineering
- Genetic modification
- Genetic mutation
- Genetic diversity
- Genetic testing

### Cyber

*Definition:* Relating to or characteristic of the culture of computers, information technology, and virtual reality.

- Cyber attack
- Cyber security
- Cyber threats
- Cyber espionage
- Cyber law

### Effect

*Definition:* A change which is a result or consequence of an action or other cause.

- Health effects
- Lingering effects
- Profound effect
- Side effects
- Immediate effect

### Ideology

*Definition:* A system of ideas and ideals, especially one that forms the basis of economic or political theory and policy.

- A political ideology
- A religious ideology
- Secular ideology
- Conservative ideology
- Liberal ideology

### Imminent

*Definition:* About to happen.

- An imminent threat
- An imminent danger
- An imminent attack
- Imminent risk
- Imminent change

### Incentive

*Definition:* A thing that motivates or encourages someone to do something.

- A financial incentive
- A cash incentive
- An extra incentive
- A performance incentive
- A tax incentive

### Incorporate

*Definition:* Take in or contain (something) as part of a whole; include.

- Incorporate a feature
- Incorporate a system
- Incorporate a technology
- Incorporate feedback
- Incorporate changes

### Friendly

*Definition:* Kind and pleasant. In compound terms, not harmful to a specified environment.

- Climate-friendly
- Environment-friendly
- User-friendly
- Child-friendly
- Eco-friendly

### Indigenous

*Definition:* Originating or occurring naturally in a particular place; native.

- Indigenous community
- Indigenous people
- Indigenous language
- Indigenous rights
- Indigenous plants

### Inference

*Definition:* A conclusion reached on the basis of evidence and reasoning.

- A logical inference
- Draw an inference
- Make an inference
- Statistical inference
- Inferential reasoning

### Inherent

*Definition:* Existing in something as a permanent, essential, or characteristic attribute.

- An inherent risk
- An inherent danger
- An inherent characteristic
- Inherent qualities
- Inherent value

### Fundamental

*Definition:* Forming a necessary base or core; of central importance.

- Fundamental issue
- Fundamental question
- Fundamental rights
- Fundamental principles
- Fundamental changes

### Integrity

*Definition:* The quality of being honest and having strong moral principles; moral uprightness.

- Artistic integrity
- Intellectual integrity
- Academic integrity
- Professional integrity
- Personal integrity

### Intense

*Definition:* Of extreme force, degree, or strength.

- Intense pressure
- Intense competition
- Intense speculation
- Intense heat
- Intense focus

### Interference

*Definition:* The action of interfering or the process of being interfered with.

- Government interference
- State interference
- Foreign interference
- Electromagnetic interference
- Market interference

### Heavy

*Definition:* Of great weight; difficult to lift or move.

- Heavy casualties
- Heavy equipment
- Heavy lifting
- Heavy rain
- Heavy traffic

### Intrinsic

*Definition:* Belonging naturally; essential.

- Intrinsic value
- Intrinsic worth
- Intrinsic importance
- Intrinsic motivation
- Intrinsic qualities

### Irreparable

*Definition:* (Of an injury or loss) impossible to rectify or repair.

- Irreparable damage
- Irreparable injury
- Irreparable loss
- Irreparable harm
- Irreparable consequences

### Landmark

*Definition:* An object or feature of a landscape or town that is easily seen and recognized from a distance, especially one that enables someone to establish their location.

- A historic landmark
- An architectural landmark
- A local landmark
- A cultural landmark
- A natural landmark

### Legitimate

*Definition:* Conforming to the law or to rules.

- A legitimate heir
- A legitimate ruler
- A legitimate marriage
- Legitimate concerns
- Legitimate business

### Immediate

*Definition:* Occurring or done at once; instant.

- Immediate access
- Immediate evacuation
- Immediate response
- Immediate relief
- Immediate danger

### Marine

*Definition:* Relating to the sea; maritime.

- A marine environment
- A marine ecosystem
- Marine biology
- Marine conservation
- Marine wildlife

### Maternal

*Definition:* Relating to a mother, especially during pregnancy or shortly after childbirth.

- A maternal instinct
- A maternal affection
- A maternal devotion
- Maternal care
- Maternal bond

### Medieval

*Definition:* Relating to the Middle Ages.

- A medieval castle
- A medieval fortress
- A medieval knight
- Medieval architecture
- Medieval literature

### Metaphorical

*Definition:* Not literal; figurative.

- Metaphorical language
- Metaphorical meaning
- Metaphorical approach
- Metaphorical expression
- Metaphorical comparison

### Legal

*Definition:* Relating to the law.

- Legal advisor
- Legal aspects
- Legal obligation
- Legal rights
- Legal framework

### Migration

*Definition:* Movement from one part of something to another.

- Annual migration
- Seasonal migration
- Winter migration
- Bird migration
- Human migration

### Momentum

*Definition:* The quantity of motion of a moving body, measured as a product of its mass and velocity.

- Gain momentum
- Keep momentum
- Lose momentum
- Build momentum
- Momentum shift

### Multicultural

*Definition:* Relating to or constituting several cultural or ethnic groups within a society.

- Multicultural society
- Multicultural approach
- Multicultural influence
- Multicultural education
- Multicultural policies

### Niche

*Definition:* A comfortable or suitable position in life or employment.

- A market niche
- A profitable niche
- A product niche
- Niche market
- Niche audience

### Long Term

*Definition:* Occurring over or relating to a long period of time.

- Long-term care
- Long-term exposure
- Long-term hazards
- Long-term planning
- Long-term investment

### Orbit

*Definition:* The curved path of a celestial object or spacecraft around a star, planet, or moon.

- Orbit the planet
- Orbit the Moon
- Orbit the Sun
- Satellite orbit
- Stable orbit

### Paradigm

*Definition:* A typical example or pattern of something; a model.

- A new paradigm
- An economic paradigm
- A scientific paradigm
- Paradigm shift
- Cultural paradigm

### Parasitic

*Definition:* Living as a parasite.

- A parasitic infection
- A parasitic disease
- A parasitic illness
- Parasitic plant
- Parasitic behavior

### Measure

*Definition:* A plan or course of action taken to achieve a particular purpose.

- Relief measures
- Safety measure
- Protective measures
- Emergency measures
- Health measures

### Particle

*Definition:* A minute portion of matter.

- A subatomic particle
- A radioactive particle
- A charged particle
- Particle physics
- Particle accelerator

### Paternal

*Definition:* Relating to a father.

- Paternal affection
- Paternal instinct
- Paternal devotion
- Paternal rights
- Paternal bond

### Penultimate

*Definition:* Second to the last.

- The penultimate stage
- The penultimate chapter
- The penultimate paragraph
- Penultimate episode
- Penultimate day

### Press

*Definition:* Newspapers or journalists viewed collectively.

- Press briefing
- Press conference
- Press reports
- Press release
- Press coverage

### Pervasive

*Definition:* Spreading widely throughout an area or a group of people.

- Pervasive influence
- Pervasive corruption
- Pervasive disorder
- Pervasive technology
- Pervasive change

### Reaction

*Definition:* The action performed or feeling experienced in response to a situation or event.

- Chain reaction
- Adverse reaction
- Nuclear reaction
- Immediate reaction
- Emotional reaction

### Pivotal

*Definition:* Of crucial importance in relation to the development or success of something else.

- A pivotal role
- A pivotal moment
- A pivotal point
- A pivotal decision
- A pivotal event

### Plagiarize

*Definition:* To take the work or an idea of someone else and pass it off as one's own.

- Plagiarize a story
- Plagiarize a passage
- Plagiarize an essay
- Plagiarize research
- Plagiarize content

### Pollination

*Definition:* The transfer of pollen to a stigma, ovule, flower, or plant to allow fertilization.

- Pollination of flowers
- Pollination by bees
- Pollination by insects
- Cross-pollination
- Self-pollination

### Safety

*Definition:* The condition of being protected from or unlikely to cause danger, risk, or injury.

- Safety awareness
- Safety concerns
- Safety features
- Safety protocols
- Safety measures

### Portrait

*Definition:* A painting, drawing, photograph, or engraving of a person, especially one depicting only the face or head and shoulders.

- A vivid portrait
- A full-length portrait
- A portrait photographer
- A family portrait
- A self-portrait

### Practitioner

*Definition:* A person actively engaged in an art, discipline, or profession, especially medicine.

- A general practitioner
- A qualified practitioner
- A medical practitioner
- A skilled practitioner
- A specialist practitioner

## Sexual

*Definition:* Relating to the instincts, physiological processes, and activities connected with physical attraction or intimate physical contact between individuals.

- Sexual abuse
- Sexual harassment
- Sexual misconduct
- Sexual consent
- Sexual orientation

## Precaution

*Definition:* A measure taken in advance to prevent something dangerous, unpleasant, or inconvenient from happening.

- Safety precautions
- Security precautions
- Extra precautions
- Health precautions
- Fire precautions

## Predator

*Definition:* An animal that naturally preys on others.

- A natural predator
- A marine predator
- A feral predator
- An apex predator
- A predatory species

## Supply

*Definition:* A stock of a resource from which a person or place can be provided with the necessary amount of that resource.

- Emergency supply
- Relief supplies
- Dwindling supply

- Medical supply
- Food supply

### Predominantly

*Definition:* Mainly; for the most part.

- Predominantly Muslim
- Predominantly white
- Predominantly black
- Predominantly rural
- Predominantly urban

### Privileged

*Definition:* Having special rights, advantages, or immunities.

- A privileged background
- A privileged upbringing
- A privileged class
- Privileged information
- Privileged access

### Symptoms

*Definition:* A physical or mental feature that is regarded as indicating a condition of disease, particularly such a feature that is apparent to the patient.

- Flu symptoms
- Withdrawal symptoms
- Allergic symptoms
- Depression symptoms
- COVID-19 symptoms

### Prolong

*Definition:* Extend the duration of.

- Prolonged suffering
- Prolong agony

- Prolonged conflict
- Prolong life
- Prolong use

### Prominent

*Definition:* Important; famous.

- A prominent role
- A prominent figure
- A prominent feature
- A prominent leader
- A prominent position

### Protocol

*Definition:* A set of rules or procedures for conducting a process or performing an operation.

- A wireless protocol
- An encryption protocol
- A network protocol
- A communication protocol
- A security protocol

### Prone

*Definition:* Likely to experience a particular problem or danger.

- Prone to damage
- Prone to attack
- Prone to accidents
- Prone to errors
- Prone to flooding

### Technology

*Definition:* The application of scientific knowledge for practical purposes, especially in industry.

- Encryption technology

- Stealth technology
- Emerging technology
- Biotechnology
- Information technology

### Provoke

*Definition:* Stimulate or give rise to (a reaction or emotion, typically a strong or unwelcome one) in someone.

- Provoke a reaction
- Provoke a response
- Provoke an outcry
- Provoke debate
- Provoke anger

### Proximity

*Definition:* Nearness in space, time, or relationship.

- Close proximity
- Geographical proximity
- Physical proximity
- Emotional proximity
- Social proximity

### Qualitative

*Definition:* Relating to, measuring, or measured by the quality of something rather than its quantity.

- Qualitative research
- Qualitative study
- Qualitative analysis
- Qualitative data
- Qualitative assessment

## Redundancy

*Definition:* The state of being not or no longer needed or useful; the dismissal of an employee from a job due to their role being superfluous.

- Compulsory redundancies
- Voluntary redundancy
- A redundancy package
- Redundancy notice
- Redundancy consultation

## Waste

*Definition:* Use or expend carelessly, extravagantly, or to no purpose; material that is not wanted; the unusable remains or byproducts of something.

- Waste disposal
- Waste incineration
- Waste Management
- Waste reduction
- Waste recycling

## Relaxation

*Definition:* The state of being free from tension and anxiety; the action of making a rule or restriction less strict.

- Relaxation of a restriction
- Relaxation of a regulation
- Relaxation of a law
- Relaxation techniques
- Relaxation practices

## Repercussion

*Definition:* An unintended consequence of an event or action, especially an unwelcome one.

- Serious repercussions
- Negative repercussions
- Damaging repercussions

- Immediate repercussions
- Long-term repercussions

### Restructure

*Definition:* Organize differently.

- Restructure a company
- Restructure an industry
- Restructure an economy
- Restructure operations
- Restructure management

### Testimony

*Definition:* A formal written or spoken statement, especially one given in a court of law.

- A written testimony
- A false testimony
- A court testimony
- Eyewitness testimony
- Expert testimony

### Transitional

*Definition:* Relating to or characteristic of a process or period of transition.

- A transitional period
- A transitional phase
- A transitional government
- Transitional measures
- Transitional policies

### Picturesque

*Definition:* Visually attractive, especially in a quaint or charming way.

- Picturesque scenery
- Picturesque location
- Picturesque landscape

- Picturesque village
- Picturesque view

### Treaty

*Definition:* A formally concluded and ratified agreement between states.

- A peace treaty
- A climate treaty
- A formal treaty
- A trade treaty
- A nuclear treaty

### Unanimous

*Definition:* (Of two or more people) fully in agreement.

- A unanimous agreement
- A unanimous vote
- A unanimous support
- Unanimous approval
- Unanimous decision

### Amendment

*Definition:* A minor change or addition designed to improve a text, piece of legislation, etc.

- Proposed amendment
- Major amendment
- Minor amendment
- Constitutional amendment
- Legal amendment

### Unethical

*Definition:* Not morally correct.

- Unethical practices
- Unethical activity
- Unethical behavior

- Unethical conduct
- Unethical dealings

### Unification

*Definition:* The process of being united or made into a whole.

- A happy unification
- A peaceful unification
- A national unification
- Political unification
- Cultural unification

### Unpredictable

*Definition:* Not able to be predicted; changeable.

- Unpredictable result
- Unpredictable situation
- Unpredictable weather
- Unpredictable behavior
- Unpredictable outcome

### Unrest

*Definition:* A state of dissatisfaction, disturbance, and agitation in a group of people, typically involving public demonstrations or disorder.

- Civil unrest
- Social unrest
- Widespread unrest
- Political unrest
- Economic unrest

### Verbal

*Definition:* Relating to or in the form of words.

- Verbal abuse
- Verbal attack

- Verbal assurance
- Verbal agreement
- Verbal communication

### Veto

*Definition:* A constitutional right to reject a decision or proposal made by a law-making body.

- A veto of a bill
- A veto of a reform
- Presidential veto
- Legislative veto

### Viability

*Definition:* Ability to work successfully.

- Financial viability
- Economic viability
- Commercial viability
- Project viability
- Operational viability

### Violation

*Definition:* The action of violating someone or something.

- A human rights violation
- A copyright violation
- A parole violation
- A privacy violation
- A traffic violation

### White Collar

*Definition:* Relating to the work done or those who work in an office or other professional environment.

- A white-collar worker
- A white-collar employee

- A white-collar union
- White-collar crime
- White-collar profession

## Yield

*Definition:* To produce or provide (a natural, agricultural, or industrial product).

- Yield results
- Yield information
- Yield clues
- Yield profit
- Yield dividends
